Handwriting practice lines for Q - 2. The box contains four sets of horizontal lines. Each set consists of a solid top line, a dashed middle line, and a solid bottom line, providing a guide for letter height and placement.

Research Folder

Left side has 3 colored question index cards. Each card contains a question students want to find the answer to through research.

Right side has 4 white cards index each labeled with a source of information, i.e. books, periodicals, internet, CD-film-video.

Right side at bottom has an envelope taped on to hold the cards with information on them.

Students write one question on each of the colored cards. As they research their answers they list on the appropriate white card where their information was found. Students are to write the information they find on another colored index card that is the same color as the question that goes with their information.

The colored information cards are then placed in the envelop for safe keeping.
